

Dear Dr P S Raghaven

I am sure you will remember that each January we run a **Simultaneous Pairs for Charity - the first one was in 2001 when we raised a lot of money following the Tsunami.**

Next January we will be raising money for UNICEF and the event will be held every night for a week, starting on **Monday 23rd January 2012 and ending on the **Saturday 28th January** ... different hands each night and for the first time there will be a commentary available for each session.**

All clubs need to do in order to enter is to email me and let me know which day they want to play and I will send them a zip file with everything they need. There is no set entry fee, all we ask is that they should raise some money for the Charity. There are no prizes, no master points, just what we hope will be a fun and enjoyable evening of bridge while at the same time doing some good by raising money for UNICEF.

Please help us to publicise the event and do tell any clubs that you play at about it, so that they can join us if they wish. More details are available on the website - just [click here](#) to find out more!

very best wishes

anna
