

Dear Dr P.S.Raghaven

I have been asked to contact you by the WBF Laws Committee.

Following the meetings in Veldhoven, at the World Bridge Team Championships, the Committee Minutes are now published and available for download. You can find them at www.ecatsbridge.com and they will also be on the WBF Website at www.worldbridge.org.

Please note that there has been a footnote added to **Law25A**, and this should be added to your copies of the Laws. It is detailed in Item 6 of the Minutes of 18th October and states: **"A player is allowed to replace an unintended call if the conditions described in Law 25A are met, no matter how he may become aware of his error."**

You will also find a link to an invitation to send any thoughts you or your colleagues may have as to desirable changes in the Laws to Mr Endicott – and a copy of that is also attached.

There are also links to various Regulations that were agreed in Veldhoven, together with the WBF Tournament Directors' Register.

Best regards

Anna
